

Daniel Pacheco

What is your major?

I'm majoring in Finance and minoring in Economics.

After graduation, I'm looking forward to working in for Banks or Casinos.

Aiming to become a bank investor.

Technical background?

I've learned how to use a computer during 1st grade. I've used different softwares when growing up like, most of the common used adobe platforms, POS Systems in my recent job, and you can even say some experience from IS 101.

Non-technical background?

I love going to the gym I have some goals that I have made when the year started. I love playing video games (of course), especially when it comes to playing with family and friends. I would be very competitive in soccer but now I usually enjoy playing or watching any type of sport.
